

**APEC IPR Public Education &
Awareness Market Research Best
Practices
By
Australia, Hong Kong and
Singapore**

- The information stated
herein is confidential and

Background

- **To provide market research guidelines and a survey instrument to enable member economies to conduct effective surveys on IPR**
- **To develop human resource capabilities for the purpose of investigating current public attitudes to intellectual property protection in their economies**
- **Project led by IP Australia, HKIPD and IPOS**

The information stated herein is confidential and is accurate as of November 2007.
It is intended as a guide only and does not amount to legal advice.
Professional advice must be sought prior to acting on any matter contained within this presentation.

Benefits of the Project

- **Ready access to market research tool and guidelines**
- **Cost efficiency**
- **Common denominators for sharing purposes**
- **Development of peer-to-peer networks**

The information stated herein is confidential and is accurate as of November 2007.
It is intended as a guide only and does not amount to legal advice.
Professional advice must be sought prior to acting on any matter contained within this presentation.

Deliverables

- **'How to' guidelines for conducting market research**
- **Survey tool kit for developing and developed economies**
- **A two-part workshop focusing on:**
 - Conducting effective market research on IPR awareness and sharing of best practices
 - Using market research to develop effective IPR campaigns to address ongoing and emerging piracy activities
 - Target audience: APEC economies and local / regional / international organisations interested in planning and/or implementing IP education on a local, regional or international basis

Professional advice must be sought prior to acting on any matter contained within this presentation.

KEY MILESTONES:

PHASE 1- Preliminary Research

April – May

- 1. Intercedent Asia appointed and introduced to APEC target economy managers**
- 2. Finalise and dispatch requests for information and assistance**
- 3. Requirements / information gathering from all participating pilot economies pertaining to their previous experiences in research, setting objectives, performance Indicators.**

The information stated herein is confidential and is accurate as of November 2007.

It is intended as a guide only and does not amount to legal advice.

Professional advice must be sought prior to acting on any matter contained within this presentation.

KEY MILESTONES:

PHASE II- Design of research tools

June – July

(1) Research tools

Upon completion of Phase I, data gathered will form the basis to design two sets of research tools (questionnaires and supporting research guides/documentation):

- one designed to cater to developed economy needs,
- the other designed to cater to the developing economy needs.

(2) Draft research guidelines

A research guideline will be prepared to guide APEC member economies on how to carry out market research specifically for domestic IPR PE&A programmes and campaigns. It will provide information on the end-to-end market research cycle, detailing major components key to the successful delivery of actionable consumer insights.

The information stated herein is confidential and is accurate as of November 2007.

It is intended as a guide only and does not amount to legal advice.

Professional advice must be sought prior to acting on any matter contained within this presentation.

KEY MILESTONES:

PHASE III- Pilot Testing

August – September

1. Agreement on how/where FTF and phone interviews are to be conducted
Some agencies may prefer to implement the pilot testing themselves
2. Implementation of pilot surveys

Pilot Surveys		
	SAMPLE SIZE	METHOD
1. In-depth interviews	n=20 (x 8 economies) <i>Test</i>	Face-to-face
2. Quantitative survey	n=100 (x 8 economies)	Phone or face-to-face

The information stated herein is confidential and is accurate as of November 2007.
It is intended as a guide only and does not amount to legal advice.
Professional advice must be sought prior to acting on any matter contained within this presentation.

KEY MILESTONES:

PHASE IV: Finalisation & Approval

Materials to be Presented at APEC-IPEG IPR Workshop

October - December

Research company to review results from pilot tests to identify areas for improvement and make necessary adjustments to both pilot guidelines and survey instrument according to feedback received from both pilot testing economies and project leaders.

Sponsoring economies to sign off and final products to be presented at the workshop.

The information stated herein is confidential and is accurate as of November 2007.
It is intended as a guide only and does not amount to legal advice.
Professional advice must be sought prior to acting on any matter contained within this presentation.
